

The prices for machine gun rentals are as follows: \$45.00 to \$65.00 a magazine or belt of ammo, depending on the gun you chose to rent and the type of ammo it shoots (ammo included in the price). These prices are subject to change. Knob Creek Range does not rent machine guns on a regular basis. They can be rented at Knob Creek Range twice a year during our Machine Gun Shoot and Military Gun Show the 2nd weekend of April and October. Rentals are open on Saturday from 9am to dusk and Sunday from 9am to 4pm. We have 2 gentlemen that set up and rent them at that time.

Machine guns available for rent are:
